

Product information

Antibody name: anti-Hepatitis C core (HCcAg)

Product number: H07H-1

Product description: HCcAg antigen IgG1; monoclonal

Origin: mouse

Immunogen: recombinant HCcAg

Epitope: a. a. 68 - 88

Purity: affinity-purified IgG

Clone: 12-B4

Applications: ELISA, immunofluorescence, immunohistochemistry

Immunocrossreaction: human

Storage: short term +4 °C; long term -20 °C.
Repeated freezing and thawing is not recommended.

Quantity: 100 µl

For research purposes only
