

## Product information

**Antibody name:** anti-Hepatitis C NS4A

**Product number:** H09H-1

**Product description:** HCV NS4A IgG1; monoclonal

**Origin:** mouse

**Immunogen:** recombinant protein NS4A (non-structural protein 4A)

**Epitope:** a. a. 1690 - 1720

**Purity:** affinity-purified IgG

**Applications:** ELISA, immunofluorescence, immunohistochemistry, immunoblot

**Immunocrossreaction:** human

**Storage:** short term +4 °C; long term -20 °C.  
Repeated freezing and thawing is not recommended.

**Quantity:** 100 µl

*For research purposes only*
