

Product information

Antibody name: anti-Hepatitis C NS5B

Product number: H12H-1

Product description: HCV NS5B IgG1; polyclonal

Origin: rabbit

Immunogen: recombinant protein NS5B
(part of the NAS5AB recombinant antigen)

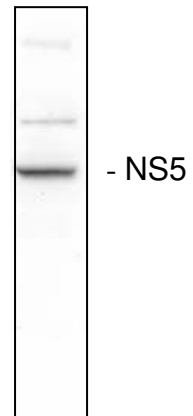

Purity: blood serum containing 0.01% sodium azide

Applications: ELISA, immunoblot (1: 1.000),
immunoprecipitation

Immunocrossreaction: human

Storage: short term +4 °C; long term -20 °C.
Repeated freezing and thawing is not recommended.

Quantity: 100 µl

Western blot analysis of
the HCV NS5B
expression in Huh7
cells
