

Product information

Antibody name: anti-Influenza A Virus Hemagglutinin IgG1

Product number: I05A-1

Product description: mouse monoclonal to Influenza A Virus Hemagglutinin

Origin: mouse

Clonality: monoclonal

Immunogen: purified inactive virus A Duck H5N1

Epitope: not known

Purity: affinity-purified IgG

Clone: F7

Isotype: IgG1

Form: liquid

Applications: ELISA, Western blot, Immunofluorescence microscopy, immunohistochemistry

Immunocrossreaction: reacts with Hemagglutinin of H5N1 serotype

Storage: short term +4 °C; long term -20 °C.
Repeated freezing and thawing is not recommended.

Quantity: 100 µl (100 µg)
