

Product information

Antibody name: anti-Influenza A Virus Hemagglutinin H1N1

Product number: I07A-1

Product description: mouse monoclonal to Influenza A Virus Hemagglutinin

Origin: mouse

Clonality: monoclonal

Immunogen: purified inactivated Virus strain A/, California/ 07/2009 (H1N1) pdm

Epitope: not known

Purity: affinity-purified IgG

Clone: F5

Isotype: IgG2a

Form: liquid

Applications: ELISA, Immunofluorescence assay, hemagglutination
Inhibition assay, virus neutralisation *in vitro*,

Immunocrossreaction: reacts with Hemagglutinin of H1N1 serotype

Storage: short term +4 °C; long term -20 °C.
Repeated freezing and thawing is not recommended.

Quantity: 100 µl (100 µg)
